

Hello,

My name's Victor Mays and I am the founder of OutdoorStack. I just wanted to let you know about a scholarship opportunity for students of Mercer County Technical Schools.

Details

We are now accepting applications for our Third Annual Financial Aid Program. Each year we award a scholarship to one student passionate about outdoor activities.

Requirements

1. Must currently be a student of Mercer County Technical Schools.
2. Must be currently enrolled as a full-time, part-time, or online education student.
3. Students of all majors are encouraged to apply.

Award

One winner of a \$1500 scholarship.

Here is the link where students can apply: <https://outdoorstack.com/finaid>

I would really appreciate if you can add this to your website because this is a new scholarship with a small competition pool.

Thank you very much, and please let me know if you have any questions.

Best, Victor Mays
Founder at OutdoorStack
