

KIMBERLY J. SCHNEIDER, Ed.D.
Superintendent

May 6, 2020

Dear Staff, Parents and Guardians,

On May 4, Governor Phil Murphy announced that statewide school closures will be extended through the end of the 2019-2020 academic year. Our staff will continue to provide instruction remotely, distribute food, and distribute instructional materials to families. Also, building administrators are planning creative ways for some of our traditional end of year activities to occur, especially for our graduating seniors.

Please continue to use our website to communicate with us, and we will deliver your messages to the appropriate staff to help you. For fun this month of May, be sure to visit <http://www.mercercounty.org/> the Mercer County webpage for educational resources like the recent article about the popular “Eyes on Eagles” program detailing bald eagle nesting behavior in Mercer County. Subscribe at <https://public.govdelivery.com/accounts/NJMERCER/subscriber/new> for daily updates.

Stay safe, stay strong, and stay in touch with us, until we are all together again.

Sincerely,

Kimberly J. Schneider, Ed.D
Superintendent
