

MERCER COUNTY

TECHNICAL SCHOOLS

## STEM Academy

*Arthur R. Sypek Center*

In September 2015, the Mercer County Technical School District launched a full-time, 4-year STEM Academy. The STEM Academy will deliver academically challenging and rigorous curriculum including Project Lead The Way, an activity-, project-, and problem-based curriculum. Students will work toward the completion of college credit and industry credentials while in high school. Student learning will be enhanced through key business partnerships allowing for multiple workplace readiness and experiential learning opportunities. In this specialized learning environment, students will apply what they know, identify problems, find unique solutions, and lead their own learning.

### OCCUPATIONAL OUTLOOK

Employment in occupations related to STEM—science, technology, engineering, and mathematics is projected to grow to more than 9 million between 2012 and 2022.

### RELATED CAREERS

Architectural and engineering managers, atmospheric and space scientists, computer occupations and machinists.

### SKILLS/KNOWLEDGE

Decision making skills, leadership skills, math skills, organizational skills, problem-solving skills, speaking skills, writing skills.

### SKILLS / KNOWLEDGE

- Produce designs and drawings using computer drafting programs
- Use numerical, spatial, and logistics to solve problems
- Work with robotics, coding, computer and electronic systems
